Building Permits

The NZ Building Act came in to force on 1 July 1992. From that date, the issue of building permits ceased and they were replaced with building consents. Under the old permit system there was no requirement for Council to keep or provide records of building work. While Council generally holds records of permits issued, often little or no information is available regarding results of building inspections. Should an evaluation of the building be required, an independent qualified person should be consulted.
